A MESSAGE FROM OUR CASINO NIGHT CO-CHAIRS

**Please help us make Torah High's
Twenty-fourth Anniversary Celebration historic!**

There is something magical and unique happening at Torah High that you have to experience first-hand to appreciate. When you combine a world-class faculty that really cares about each student, a rigorous curriculum tailored to meet the individual needs of every student, and the absolutely best girls in the world, you produce something truly amazing.

*Founder & Dean
Rabbi Michael Peikes*

We have seen the incredible work that Torah High is doing – producing class after class of shining examples of what young women can become. We have seen the powerful impact it is having on our community.

Torah High is one of our community's educational gems and it needs our support - the support of the entire community. Whether or not you have a daughter in the school, we ask you to respond generously to our request for your support. Please become a partner in enhancing the lives of the young women of San Diego and in building our community. How Casino Nights Work

Casino Nights are for entertainment; real money is not allowed on the gaming tables. Guests are given CASINO MONEY at the beginning of the night. Guests play as they would in a real casino, except our dealers will instruct the inexperienced player on how to properly play the game. At the end of the night the players exchange the chips they have won for raffle tickets, so that they can win prizes. Raffle tickets can be purchased separately.

All drawings are final gifts, not exchangeable except where noted. Restrictions apply to all of the hotel stays and some of the prizes. We cannot assume responsibility for printing errors. THS assumes no responsibility for the kashrus of any prizes, products, or services offered. All warranties and/or guarantees are the responsibility of the manufacturer alone. Winners are advised to claim their prize(s) in a timely fashion. Winners who are not present will be notified. All items will be held until April 30, 2023.

IMPORTANT HALACHIC NOTE

According to most poskim (authorities of Jewish law), even a single ticket inappropriately placed into a raffle or auction (even if it is not the winning ticket) may render the entire drawing invalid. The only feasible way, therefore, to conduct a large public auction is to rely on the fact that participation is with the understanding that they are relying on the good faith efforts of the sponsoring organization to do all it can do to maintain the security and integrity of the event. Should an inappropriate ticket slip by (or a paid ticket be omitted), the participants have accepted this possibility and release the sponsoring charity and prize winners of any claim. Rest assured that we try to be as vigilant as possible to avoid this from happening. Nonetheless, we ask for your understanding for anything that might slip by. Good Luck!
